The Boys & Girls Clubs of Metropolitan Phoenix provides kids with a safe and dynamic environment to enjoy their childhood while learning to make positive choices. We inspire and enable youth in our community, especially those faced with difficult and challenging circumstances, to realize their individual potential while learning responsible citizenship. Today, our facility-based clubhouses, dental clinic and outreach youth services benefit 26,500 area children, ages 6-18.

The Tri-City West/Thornwood branch offers after-school programs and activities designed to help young people learn, grow and participate in life-enhancing programs and character development experiences. This Boys & Girls Clubs branch focuses on programs that help youth develop a positive self identity; a sense of belonging to community, as well as educational, employment, social, emotional and cultural competencies. These young club members learn values that enable them to develop positive relationships with others. Youth with these capacities can become responsible citizens and leaders who make meaningful contributions and live successful lives.
